The Offering consisted of the sale of 18,000,000 common shares at a price of \$0.05 per share, for gross proceeds of \$900,000.

The following insiders of GGL participated in this private placement:

- (a) Matthew Turner, a Director of GGL, subscribed for 200,000 shares;

The participation of these insiders constituted a related party transaction within the meaning of TSX-V Policy 5.9 and Multilateral Instrument 61-101 – Protection of Minority Security Holders in Special Transactions (“MI 61-101”). GGL has relied on the exemptions from the formal valuation and minority shareholder approval requirements of MI 61-101 contained in sections 5.5(a) and 5.7(1)(a) in respect of the related party participation in the private placement, as the fair market value (as determined under MI 61-101) of the subject matter of, or the fair market value of the consideration for, the transaction, in relation to each related party disclosed above, did not represent more than 25% of GGL’s market capitalization (as determined under MI 61-101).

All of the securities issued pursuant to the Offering are subject to a hold period in Canada until January 30, 2024. The proceeds from the Offering will be used for exploration and development activities on GGL’s Nevada based properties and for general working capital purposes.
